ALABAMA SOLONS MAY MOVE STATE CAPITOL

Arrest of One of Their Number by Montgomery Policeman Makes Legislature Very Angry.

MONTGOMERY, Ala., Aug. 17.—Governor Comer threatens to thwart the plans of newspaper men who desire to defeat the section of the Fuller bill prohibiting newspapers from publishing advertisements of intoxicants. The bill will be considered by the Senate Wednesday. The bill prohibiting newspapers from printing names of women on whom assaults have been attempted or committed was definitely postponed by the Senate yesterday. It had passed the house.

A bill was introduced in the Senate suggesting that the people of Alabama vote on taking the capitol from Montgomery to Birmingham. This bill arises from the fact that mem-

bers of the Senate feel humiliated because of the arrest of one of their number Friday night by local police. A bill was introduced in the House to protect members of the Legislature from illegal arrests and prescribes adequate punishment for violation of the rights secured in section 56 of the constitution, which makes them immune from arrest for misdemeanors.

The commission government bill was placed upon the House calendar for today.

Licensed physicians who retail drugs were given the same right to prescribe alcohol for medicinal purposes as are given regularly licensed pharmacists under the prohibition laws.

Cretan Administration Swears to Stand By Greece

CANEA, Island of Crete, Aug. 17.—The provisional administrative committee, to which the administration of the island was entrusted when the Cretan cabinet resigned Sunday, took the oath of allegiance to the King and Kingdom of Greece yesterday.

The action of the provisional administrative committee in Crete in swearing allegiance to Greece apparently indicates that it is not its intention to meet the demands of the protecting powers to haul down the Greek flag and that therefore the powers again will be forced to land troops.

Situation Strained.

WASHINGTON, Aug. 17.—Mr. El-

stein, the secretary to the American embassy at Constantinople, has cabled the State Department that the situation there is endangered owing to the pressure which is being brought to bear on the sublime porte to demand fresh categorical explanations at Athens regarding Crete and Macedonia. While the possibility of hostilities is said to be by no means removed, hopes are expressed of a peaceful settlement of the difficulties.

Coast Line Will Fight R. R. Commission's Order

ASHEVILLE, N. C., Aug. 17.—Judge Pritchard yesterday began the hearing of the case of the Atlantic Coast line railroad against the rail road commission of South Carolina, deferring further argument of counsel until tomorrow morning after he had heard addresses from Attorney General Lyon and former Attorney General Bellinger, representing the commission and Attorneys Elliott and Davis of Wilmington, for the railroad company.

The case came on to be heard on a writ against the defendants to show cause why the temporary injunction issued some days ago should not be continued until the final hearing. The bill of the railway company sets up

that the railroad commission some time ago made an order requiring the railroad to operate an extra passenger and mail train between Conway, S. C., and the North Carolina line.

It is alleged that the real purpose sought is to compel the railroad to operate such train beyond the state line to Chadbourne, N. C., some miles beyond the border line, since there is not even a station at the line and no traffic to be served at points between it and Conway and that the commission, aware that it could not require the operation of trains to Chadbourne because this is in another State, sought to accomplish the same result indirectly by requiring the train to run to the State line.

Tariff Discrimination Charge Wholly Unfounded

WASHINGTON, Aug. 17.—If there has been any discrimination against France in the application of the provisions of the new tariff law to that country, officers of this Government are not aware of it. They are quite confident that the impression which

seems to obtain in some quarters in France that such is the case is founded upon a complete misunderstanding of the facts. These may be simply stated from the point of view of the executive branch of the Government. France, together with Switzerland

Death of Miss Laure Aycock—Interesting Games of Baseball.

MELROSE, Fla., Aug. 17.—Our quiet little town was saddened on Wednesday, Aug. 11, by the news of the death of Miss Laure Aycock, who formerly lived here and by her sweet disposition won the friendship of everyone with whom she came in contact. She was a member of the Methodist Church and an earnest worker in the Sunday school. The sympathy of the community goes out to her parents in their sad bereavement. The body was brought here for burial, accompanied by her father, Mr. W. B. Aycock, an uncle, Mr. B. Aycock of North Carolina, Dr. and Mrs. Tomlinson of Lake Butler and Mr. B. King of Valdosta. The services at the cemetery were conducted by Rev. T. L. Z. Bari, pastor of the Methodist church.

Misses Flora and Helen, N. Rex of Evinston are with their uncle, A. A. McKee, for a week's visit.

Mr. and Mrs. R. von Noszky left last week for North Carolina for a few weeks' outing.

Dr. W. C. Barnett and wife of Mien-nopy recently visited his mother, Mrs. M. J. Barnett.

Miss May Barnett and Mr. H. Barnett left yesterday morning for Mien-nopy and Hollendale respectively.

C. P. Huffman, who has not been well for several weeks, is again confined to his bed.

Mr. and Mrs. C. W. Rogers and children returned Sunday to their home in Live Oak.

The local baseball team defeated the Grandin team in a double-header here Friday. Score—first game, 16 to 6 in favor of local team. Batteries, Lee and Walker; Dominice and Black; time of game 1:55. Umpire—Griner. Second game—16 to 0 in favor of locals. Batteries, Yearwood and Walker; Dominice and Black. Umpire—Griner. The game was called in the third inning on account of darkness. The visitors had a good team, but we note that some of them need practice. The pitcher made a brave start with his little, easy roller, but the locals soon found it and began to place the ball almost where they wished.

DEAN FARRAH ARRIVES.

Will Commence His Arrangements at Once for Opening.

Dean Farrah, formerly of the Stetson University of DeLand, has arrived in the city and at once began his preparations for the opening of the law department of the University.

He states that the University will have one of the finest libraries to be found in the State and that he expects this branch will add very materially to the standing of the school.

and Bulgaria, had reciprocity arrangements with the United States under the terms of which certain of their products were admitted to this country at considerably reduced rates.

Other countries, mostly in Europe, entered into similar reciprocity arrangements with the United States. In their case, however, the provision was taken to state in the body of the treaties or arrangements the exact period of the legal notice required to terminate them—a course not followed in the arrangements with France, Switzerland and Bulgaria. In enacting the new tariff Congress directed the President to have regard to the stipulated periods in terminating the reciprocity arrangements with the various countries and also provide that where there was no stipulated term, six months from April 30 was to be regarded as the date of termination.

This action was duly communicated by the State Department to France, Switzerland and Bulgaria. It is said that the President is entirely willing to consider any representations in the nature of a protest that may be made, indeed there is reason to believe that exchanges on the subject already have taken place.

BOY LOSES HIS LIFE IN NIAGARA RAPIDS

Kept Afloat One Hundred Yards Further Than the Famous Professional Swimmer, Capt. Webb.

NIAGARA FALLS, N. Y., Aug. 17.—Augustus Sporer, an eighteen-year-old boy of this city, went to his death yesterday in the whirlpool rapids after a gallant battle with the giant waves between the lower bridges and the pool. With three companions, Sporer went for a swim in the river. He was caught in the middle of the stream and then turned toward the bridges.

One of the companions called to him to get out, but the current is very swift at that point, but he kept on down stream and was caught in the great sweep, the first break from the smoother water to the rapids.

The boy struggled for a time against the current, but to no avail. Then, realizing that he was beyond human help and was to be carried through the rapids which took the life of Capt. Webb and which have

resisted every unaided human effort at passage, he deliberately turned down stream and began a grim fight for life.

Not in all the history of the river has such a brave effort been witnessed. Although but a frail boy, he went into the rapids swimming strongly and held his own until he struck the giant wave which curls up opposite the Old Battery elevator. Then he went under and for a second was lost to sight of a score of people who stood on the lower arch bridge. Again and again he disappeared, only to reappear, each time fighting desperately against the terrible current. Then when within 300 yards of the whirlpool his strength gave out and he sank and was lost to view.

Even then he had swum perhaps 100 yards farther than did the great English swimmer, Capt. Webb.

Wife Enters Pool Room And Takes Husband Home

ATLANTA, Aug. 17.—Pretty Mrs. Ottilie Slaton, of 610 Whitehall street, after securing permission from police headquarters, walked into a crowded pool room at the corner of Forsyth and Broad streets, collared her husband, P. C. Slaton, a carpenter, and carried him home.

Then, when Slaton became unruly at his home, Mrs. Slaton called up the police, and Call Officers Wood and West rode out on their wheels, arrested Slaton and sent him to the station house. He is charged with being drunk and disorderly.

Mrs. Slaton, when she asked the

police for permission to enter the pool room, stated that her husband was there drinking and spending all of his money. When given permission, Mrs. Slaton lifted her skirts, pushed through the crowd, and, taking her husband by the arm, led him home.

Some thirty minutes later, Mrs. Slaton called the police again, this time stating that she could not control her spouse. She said he was saying things that she did not want her children to hear. The police went to the scene and arrested Slaton.

Opossum Is Captured in Court House Yard in Tampa

Not since Chief of Sanitation J. N. Holmes hunted the wild boar in Hyde Park has the excitement caused by a hunt run so high in Tampa as it did Monday, when a 'possum was discovered by Col. R. F. Bettis roosting comfortably in a tree in the court house square. The word was immediately passed and the excitement grew apace. Every office on the Franklin street side of the court house suspended business and watched the efforts of some half a dozen young men in their attempts to shake the

'possum from the tree. Colonel Bettis officiated as master of ceremonies, but Sir Opossum was about to carry off the honors of the day when Arthur Schlemmer's lieutenant appeared upon the scene, skinned up the tree, and shook the "bird" to the ground. It was immediately corralled by Schlemmer, Jr., caged and carried in triumph from the field. "Oh, Lordy," ejaculated a colored citizen who had watched the operation, as the particular piece of resistance of his rare disappeared in the direction of police headquarters.—Tampa Tribune.

Governor Haskell Wants Scalp of Marshal Victor

MUSKOGEE, Okla., Aug. 17.—Charges of misconduct made yesterday against United States Marshal Victor by Governor Haskell will be pushed vigorously according to an announcement last night by Philip L. Soper, Haskell's attorney.

Governor Haskell will use every effort, it was stated, to have the marshal and several grand jury members brought to trial.

The case probably will be argued at Muskogee some time in October be-

fore Judge Marshall of this State. The sensational allegations were contained in the motion picture of the Federal Court case yesterday, showing the indictment of Governor Charles N. Haskell and five others in connection with the alleged town lot fraud. George W. Strawn, J. H. Dixon, J. C. Burgess, A. G. Inniss and W. V. Bailey, who were members of the grand jury which returned the indictments, are charged with deliberately seeking to go on the jury with a view to returning indictments.

LAST DAY OF CONTEST FINDS CANDIDATES

HARD AT WORK TO WIN VALUABLE PRIZES OFFERED.

Immense Vote Polled Tuesday—Miss Beal, Miss Jolly and Miss Guinn Lead in Their Districts.

This is the last day of the great Co-Operative Contest, and the leading candidates will begin work early. The race is very interesting in each of the three districts, but especially so in the Gainesville and Western. In the former Miss Estelle Beal leads Miss Addie Goode and in the latter Miss Guinn leads Miss Bryant, but the margin is so close between them that a few thousand for either of the two candidates in second place would put them in the lead, and there is no telling who will win out in either of the two districts.

Miss Jolly looks like a winner, from the count yesterday, in the Southern District, but such a large vote has been and is being polled that one of the other candidates may pass under the wire first.

The participants in the contest have been too liberal with their votes in some instances in the past, but all have agreed not to give more than double votes today.

The vote will be taken up twice today, at 8 a. m. and 6 p. m., and no votes will be received after the latter hour.

Following is the vote:

TAFT AND DIAZ WILL EXCHANGE COURTESIES

MEXICO CITY, Aug. 17.—The first official admission that President Diaz will meet President Taft next October was made by Minister of Foreign Affairs Mariscal Sunday, when that official stated that all details of the historic event had been arranged with the exception of the granting of the permission to President Diaz to leave Mexican soil.

The foreign minister added that the Mexican congress would convene on September 15 and that immediately after President Diaz had read his annual message he would ask the necessary permission to visit El Paso. The minister said there was little doubt but what this would be immediately granted.

According to information received at the department of foreign affairs President Taft will arrive at El Paso at 9:30 o'clock on the morning of October 16. President Diaz will also arrive from Mexico City at Ciudad Juarez about the same time and he will then cross the frontier and meet President Taft in El Paso. An hour later the President of the United States will return the visit to President Diaz at Ciudad Juarez on the Mexican side.

A Bad Trouble Settled.

SANTA FE, Fla., Aug. 17.—Editor Sun: Please allow me to say through the columns of The Sun to the many friends throughout the country of Ivin Hobler and Sam Crews that the trouble which has existed between them for the past two years has today been settled through their friends.

Both men have been raised in this district, are prominent farmers, live on joining plantations and are highly respected citizens. The whole country will rejoice to learn that this trouble has been settled and that two men will live and pass in future as they did in days of old.

Yours for peace and prosperity.

SWINSON DIED FROM WOUNDS INFLICTED

JURY HELD THAT DEATH WAS AT HANDS OF SMITH.

Negro Now Confined in County Jail and Will Be Given Preliminary Hearing Soon.

Matthew Swinson, the negro who was shot by Clarence Smith, another negro, near Kelley's mill Saturday night, died from his wounds late Monday evening and an inquest was held by Justice Roberts of Rochelle.

The jury summoned heard some of the evidence of the negroes who were around at the time of the difficulty and rendered a verdict to the effect that Swinson came to his death as a result of a pistol wound inflicted by Smith.

It will be remembered that The Sun mentioned the fact of the shooting, which was to the effect that Swinson had asked the negro for a pair of shoes Smith had stolen from him while they were fishing near the mill, and that the negro replied he "would give him lead instead," which he did.

Fortunately, Sheriff Ramsey succeeded in catching the negro who did the shooting, and now has him confined in the county jail, where he will remain until his preliminary examination.

Both negroes were strangers around the mill and had been there only a short while, but the negro that did the shooting was known as a thriftless gambler who went about from place to place and beat the darkies out of their hard earned cash.

The Twenty Cent Revenge.

She was in a very bad temper as she boarded an Amsterdam avenue car. Her temper was not improved by the fact that as she drew a quarter of a dollar from her jeweled gold purse the coin slipped from her fingers and rolled on the floor of the car. She made no move to recover the money, but when the conductor came in to collect her fare she pointed with the tip of her handsome parasol to the coin.

"I dropped my fare," she said snappishly. "Pick it up."

The young conductor looked her in the eye for just a moment, and then, stooping, he picked the coin from between the slats on the floor covering. Leisurely he took four nickels from his pocket and put them where the quarter had been before. Maybe it was the effort of bending that made his face red. When he straightened up he rang up the fare, turned and sauntered back to the rear platform.—New York Press.

The Chauffeur's Rebuke.

An elderly colonel in a New York club is very inquisitive, and there is no question he hesitates to ask. The other day he saw drawn up before a hotel a fine motor car, and at the wheel of the car sat a chauffeur who had formerly been in his own employ. The colonel stopped and asked the chauffeur who his master was, how he liked his job and what wages he drew. The chauffeur answered these questions politely. There was a cold glitter in his eye, though. He was waiting for an opening. It came when the inquisitive old colonel said:

"Er—firstly, what—er—how much did your employer pay for this car?"

"The fact is, sir," the chauffeur answered promptly, "I never had the impudence to ask him."

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

While Eczema, Acne, Tetter, Salt Rheum, etc., are troubles which affect the skin, their source is far deeper than the outside cuticle. These affections are caused by irritating humors, or uratic acid in the blood. Such impurities inflame and irritate the delicate net-work of fibrous tissue which lies just beneath the surface of the outer skin, and the inflammatory discharge thus produced is forced out through the pores and glands, and is continually kept up while the blood remains infected. This exudation causes the formation of scales and crusts so often seen in Eczema, and when they are scratched off the flesh is left raw and more susceptible to other infection. It can very readily be seen then that to produce a cure the circulation must be purified and cleansed. This S. S. S. will do. It goes down to the very bottom, removes all humors and impurities, neutralizes the excessive acids of the system and in this way removes the cause of disease. Local applications can only soothe the irritation and assist in keeping the skin clean; they never produce a cure because such treatment does not reach the blood. S. S. S. restores to the thin, acrid blood all its lost properties, makes it pure and rich and enables it to nourish the skin and keep it soft, smooth and healthy. ASCERTAIN NUMBER OF BUSINESS
AND OCCUPATIONAL LICENSE.

Report Will Have to Be Made by
Saturday Evening of the
Present Week.

The City Council met in regular adjourned session Monday evening, with President Pro Tem Burnett, Aldermen Goodwin, Graves, Phifer and Pound, the latter acting as clerk.

Upon motion the bill of city auditor, Geo. B. Evans, for \$100 was ordered paid out of the contingent fund.

The city marshal was instructed to make a canvass of the city and ascertain by Saturday at the latest the number of occupational and business license that should be in force in Gainesville, and to render his report to the proper authorities at such time.

A letter from M. B. Saunders, addressed to the council in reference to the bicycle ordinance, which was interfering with the business interests of the merchants, was read and ordered filed for information.

The chairman of the light committee was instructed to have the are light again placed in front of the Methodist church, on East Main street, north.

Upon motion the council adjourned to meet again next Tuesday evening, August 24th, at 8 o'clock.

HIDDEN DANGERS

Nature Gives Timely Warning That
No Gainesville Citizen Can
Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident:

Mrs. Elizabeth Moore, Madison avenue, Starke, Fla., says: "For some time I suffered from dull, nagging backaches and distressing pains through my loins. I could not rest well and arose in the morning feeling tired and worn out. My kidneys were sluggish and the secretions very unnatural. I at length procured Doan's Kidney Pills and they gave me the desired relief promptly. I have since been free from backaches and pains through my loins and my kidneys are normal. I am feeling better generally and give Doan's Kidney Pills the credit."

SQUIRREL ASKS AN OFFICER FOR WATER

WASHINGTON, Aug. 17.—Were it not for the fact that "nature faking" in and around the White House is supposed to have received a death blow several years ago, the experience Sunday of one of the blue coat guardians of the executive mansion might be disbelieved by the incredulous.

One of the squirrels which long before the present administration began played about among the big trees and over the fine lawn in front of the White House, according to the aforementioned policeman, kept running up to him Sunday and then scampering away. As he refused peanuts, the officer could not make out what he wanted.

Finally the officer says he noticed that every time the squirrel ran away from him, the little fellow would make for a water spigot in the grass and jump at it as if trying to turn the handle. This gave the officer his cue. He turned on the water, which was exactly what the creature wanted.

The Fast-Set Will Be Here for Three
Games Commencing Thursday
Afternoon.

The Orlando baseball team will be here Thursday, and commencing in the afternoon will start their series of three games with the Oak Hills of this city, when some real fine ball playing is promised.

The Orlando team has only recently cleaned up the Sanford fellows. They are now engaged in a contest with Ocala, and managed to shut out the Brick City boys on Monday evening, which shows they are well up in the National game.

Manager Davis has obtained some new timber for the contest with these people and the very best games of real baseball that will be seen until another season are the ones that will be played between these two teams.

Should the Oak Hills prove successful in winning some of the three games it is more than probable that they will make a try with the Orlando team for the silver cup that is being fought for by Orlando if they prove successful in winning some and it now looks as if they will.

Let everyone talk the games to be played and go out and root for the boys in their old fashioned way.

Paris Doctor's Discovery

Dandruff, Falling Hair Are Caused by
a Microbe—Dr. Sabourand
Proves It.

Dr. Sabourand is the leading dermatologist of France.

To prove his theory that germs cause dandruff, he infected a guinea pig with these microbes and in a short time the hair from the animal's body disappeared.

And Parisian Sage, which can now be obtained in America has an immense sale and is highly recommended by physicians in all parts of the world.

It is just because it is the only prescription or hair tonic that is absolutely sure to kill the dandruff germ.

It is guaranteed to cure dandruff stop falling hair or itching scalp in two weeks or money back.

In warm weather it keeps the scalp clean and cool and free from obnoxious odors. Parisian Sage is a pleasant and dainty hair dressing that will put a bewitching charm and lustre into faded and lifeless hair in one week. It is distressing for any woman to have dull, unattractive hair and women so unfortunate should use Parisian Sage.

Parisian Sage costs 50 cents a large bottle at W. M. Johnson's, and is sold by leading druggists everywhere. The girl with the auburn hair is on every bottle.

Pay Car Arrives.

The pay car over the A. C. L. railway arrived yesterday at noon and distributed the cash among its many employees in the city. They pay out here every month a great amount of money, but nothing to compare with what it was a few years since.

Worn Women

Women, worn and tired from overwork, need a tonic. That feeling of weakness or helplessness will not leave you of itself. You should take Wine of Cardui, that effectual remedy for the ailments and weaknesses of women. Thousands of women have tried Cardui and write enthusiastically of the great benefit it has been to them. Try it—don't experiment—use this reliable, oft-tried medicine.

TAKE CARDUI

The Woman's Tonic

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side and legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. It will help you."

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell system, operating in various sections of the country, are uniform in their equipment and in their methods of operation.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Prosperity "barkers" should take care not to overdo the role. What the country wants is a vigorous and stable growth, not an unwarranted speculative boom.

If The Outlook pays Mr. Roosevelt \$1 per word for such sentences as "Give me neither poverty or riches," it surely ought to get a big bunch of trading stamps along with them.

"When women go to Congress there will be less discussion of rates and more discussion of rats," says The Baltimore Sun. Also, probably, less talking for the press and more for the dress.

Perhaps no stronger prosperity note can be found than the showing of the fifty largest postoffices throughout the United States, whose business increased in July, 1909, 8.78 per cent over the same month in 1908.

ONE HUNDRED YEARS FREEDOM.

The first of the Latin-American nations to win its freedom from Spain was Ecuador, which on August 10 celebrated in fitting manner the centenary of its independence. At intervals during the next few years other Central and South American republics will also commemorate their hundred years of freedom.

Beginning their natural life a generation or more after the United States became a nation they had, in the shaping of their constitutions and internal administration, the successful experience of this country to guide them. That self-government with them has not been the success it has with us has been largely due to racial differences and the mixed character of their population, owing to intermarriage with the native Indians, with its attendant ignorance and intellectual deficiency.

Yet all have made some progress, and several, like Argentina, Brazil, Chile and Mexico, have made rapid advance and now enjoy a large measure of political stability which augurs well for future progress.

In the working out of their destinies the United States will be a sympathetic spectator and will continue, in even greater degree, to exert that moral influence and support that has been so potent in the past, and will hope for closer social and commercial relations.

Miss Maggie Tebeau, whose Day and Boarding School is surrounded by the most beautiful private grounds in the State, has discovered a method by which to drive away the pestiferous mosquito. These insects have been very annoying to her during the present summer until she began spraying her shrubbery with solutions of kerosene and naphtholeum to exterminate the whitefly, since which time the occupants of the premises have not been troubled with the mosquito. The editor of this paper has observed for some years past that whenever his good wife used kerosene in the home for wiping the stair railing, etc., that the mosquitoes abandoned the premises to the rightful occupants.

The Montgomery Advertiser says: "The bill for compulsory education was postponed by the Senate and in the natural course will be heard of no more. No regrets need be expressed. The State's educational machinery is not yet in condition to make compulsory education a real thing. There was some opposition, too, on the ground of interference with parental rights, showing that public sentiment is not yet educated up to an appreciation of compulsory education. In short, the Reynolds, and all other bills on this subject, can be classed as premature, there being no actual popular demand or adequate preparation for them."

The Mayo Free Press says The Sun erred in stating that the first bale of Sea Island cotton of this year's growth was received in Savannah on August 7th and was grown in Suwannee county. According to The Free Press the cotton was grown in LaFayette county by Messrs. Dempsey and Moses and was ginned at New Troy by Weatherbee & Serance. The Sun gained its information from a telegram in another paper.

The Philadelphia Record (Dem.) says: "The estimate that the late extra session of Congress cost \$500,000 is entirely inadequate. That isn't a marker to what the session has cost the people of the United States, wholly apart from what the people will pay to the treasury under its provisions, and there is every reason to believe that it will cost the Republican party heavily in the near future."

"In Ecausines, Belgium, the young women frequently do the greater part of love-making incident to courtship," says a writer. There is a notion prevailing in this country that the women frequently do it here, too, only the men are not aware of it.

A Hurry-Up Medicine.

Every housekeeper recognizes the need of effective remedies to be used in emergencies—when something must be done right away. Such a remedy is Perry Davis' Painkiller, for sprains and bruises, for strained muscles and for the aches and pains resulting from blows and falls. Burns and cuts are instantly relieved by it and helped to healing. Its mission of mercy began seventy years ago. It is used in all countries and millions of bottles are sold annually. There is not one Painkiller, Perry Davis' have you seen the new large 200 size?

The man who is so economical of time that he habitually crosses his neighbor's lot in order to save a moment, is just as likely as not to be the man who will spend a whole afternoon watching a base ball game, or spend the entire evening chasing around a pool table.

"Dreadnaught" signifies confidence, absolute freedom from fear, and a comfortable sense of security. But it is a curious fact that the building of Dreadnaught warships has caused more alarms, war scares and panicky feeling than anything else in recent years.

When men seek to grasp the world they end by losing themselves. Their greed destroys their sense of responsibility and consideration for others, deadens their finer sensibilities and saps true manhood. When such a point is reached a man has lost himself.

Some people are so deficient in individuality that they habitually lean upon others. They seldom take the initiative or do anything without the support of a stronger personality. If that support is withdrawn they are left practically helpless.

Chicago University has dropped from its rolls 100 men who gave more attention to athletics than to study. Here is a golden opportunity for Western wheat districts to enlist able bodied men.

Lumber mills of the Southwest report an increased cut of 41 per cent over 1908. Evidently this section of the country has been sawing wood and saying nothing.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Living Over Catacombs.

Paris, in many of its districts, is built over the catacombs, says Harper's Weekly. These vast subterranean chambers and galleries produce that peculiar cavernous sound which is heard in the Luxembourg, Montparnasse, Vaugirard, Montreuil and Montsouris quarters when heavy carts pass rapidly along the coarsely metalled roads. The streets are then like monstrous drums beating funeral marches to the grave over that vast common grave of ten centuries of Parisians with its millions of skeleton dead. That quaint little Gothic house at the corner of the Boulevard Raspail, which many an American artist must remember from his student days, actually has a private staircase leading to the catacombs from beneath a hermetically closed stone slab just in front of the doorstep.

THE DIAMOND CUTTER.

His Skill Has Much to Do With the Brilliance of the Gem.

When the expert looks at a diamond he can tell you in a moment where it came from and even whether it was cut lately or some years ago. He knows, by its color whence it comes, for the color of the Brazilian diamond differs from that of the South African, and even in South Africa different colors are found in different mines.

In the rough the diamond has little brilliancy, for there is a crust that must be cut away before it can properly refract the light, and it is this power of refraction which makes the brilliancy of a diamond and has everything to do with its value in the market. The skill of the diamond cutter has much to do with bringing out this brilliancy. He must do the most he can with the rough stone before him and lose as little as possible of the precious weight in the stone.

Diamonds are found in all kinds of queer shapes, for the carbon may be in any position while being crystallized, and the act of crystallization may affect only parts of that carbon. When the expert cutter has a rough diamond before him he judges almost instantly how it will cut to the greatest advantage. If it inclines to the pear shape he will make a pear shaped diamond of it. If it be square or round the cutting will follow the natural lines as closely as possible, so that the loss may be reduced to a minimum.

To make the stone as brilliant as possible the diamond cutter cuts many facets so as to refract the light from as many points as he can. A full cut brilliant has at least forty-eight facets, and so expert are the cutters that they often cut diamonds so small that it requires a hundred to weigh a carat. Each has forty-eight facets.—Cleveland Plain Dealer.

Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Men and Their Feet.

The Frenchman's foot is long, narrow and well proportioned. The Scotchman's foot, according to anthropologists, is high and thick, strong, muscular and capable of hard work. The Russian's foot possesses one peculiarity, the toes being generally "webbed" to the first joint. The Tartar's foot is short and heavy, the foot of a certain type of savage, and the toes are the same length. The Spaniard's foot is generally small, but finely curved. The Englishman's foot is in most cases short and rather fleshy and not, as a rule, as strong proportionally as it should be.—Argonaut.

Take Notice.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. "The Picnic Stretch."

Though a brilliant conversationalist, George Meredith had, of course, his silent moods, and he happened to be in one of them at a certain picnic. Next to him sat a lady, herself a good talker, who had been looking forward to this meeting for days and, it may be guessed, preparing for it—in vain. The only sentence that passed his lips was when he reached slightly across her for the salt—"Excuse the picnic stretch."—Manchester Guardian.

What Is Best for Indigestion?

Mr. A. Robinson of Drumquin, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at all drug stores.

Landsman and Sailor.

To the landsman the sea must always possess dangers that to the sailor appear only as casual phenomena upon which to exercise his skill. The prayer book has a special petition for the safety of those who go down to the sea in ships, and every one who ventures to leave the shore goes forth with a consciousness of awe at his own daring. Yet in the intricate complexity of modern civilization safety on land and safety at sea have walked by no means with equal step. Every morning brings us some story of death or accident on land, while the great passenger ships come and go in monotonous regularity, bringing no reports more stirring than those of high seas that have kept them from making new records. With the present madness for speed and its attendant recklessness our streets demand constant alertness if one would cross them with safety. Speed at sea has come through larger and more stoutly constructed ships. So the familiar old story of the sailorman at sea in a storm who, serene in his consciousness of ample sea room, plausibly ejaculated, "God help the poor folks ashore tonight!" is not wholly fantastic.—L. Frank Tooker in Century.

On Hiring a Cook.

The woman in need of a cook was so well groomed and looked so generally prosperous that the manager of the employment agency thought he had at last found a place for the high priced French cook for whom he had been trying to find a situation. But the new customer would not even listen to the praises of the French cook.

"Don't mention French cooks to me," she said, "nor graduates of cooking schools. I've tried both. I like their cooking, and I don't object to the wages they ask, but they take up too much room. My kitchen isn't large enough to hold all the cooking utensils they require, and my income isn't large enough to buy them. Those stylish cooks need four times as many pots and pans and molds and things as ordinary cooks use. If I hire a fancy cook I shall have to move into a fancy apartment to get a kitchen big enough to accommodate her."

"That is a common complaint against these experts, foreign and American," sighed the manager. "I am beginning to think there must be something in it."—New York Sun.

ABOUT ADVERTISING—NO. 4

The Hen and the Doorknob

By Herbert Kaufman

Once upon a time there was a fool hen who sat on a china doorknob for three weeks expecting to get a family. The only thing she did get was experience.

The advertising field is full of "china doorknob propositions"—examples of merchants who expect good newspapers to hatch money out of bad egg business, or who put sound nest eggs under the wrong "advertising hen."

There are three principles to follow in an advertising campaign: First of all, find a business that will stand advertising; secondly, find the newspaper that will make the advertising pay; thirdly, give the newspaper time to pay.

You can't start in to breed dollars in less time than it takes to hatch them any more than you can pull a hen off the nest before she has had a chance to incubate. In both cases you simply waste what has been invested. If you stop too soon you will get a rotten egg instead of a chicken.

Advertise something out of which you may reasonably expect returns, and when you have found what to advertise, take care that you place your copy in a newspaper that can turn the trick. Don't delude yourself with a china doorknob, and don't confuse a "rooster newspaper," which spends its time cock-a-loruming, for a "hen newspaper" that is too busy hatching out dollars to strut about crowing.

(Copyright, 1908, by Tribune Company, Chicago.)

"That Which Is Worth Having Is Worth Advertising For"

The old adage that what is worth having is worth asking for is still true—true of the more intricate life of today.

The thing you want—whether it is a used piano or a home, whether it is a ready-made business or a lost pocket-book—is obtained readily through advertising, and with difficulty, or not at all, through other means.

THE SUN "WANT" ADS, BRING RESULTS

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four banks.
Four dairies.
One foundry.

TWO PIANOS AND A DIAMOND RING

Total Cash Value, \$1,000.00

To Be Given Away by the Merchants and The Sun to Citizens of Alachua County!

Each Section Gets Prizes!

Contest to Close August 18, 1909

Realizing that all should share alike in the distribution, leading business houses have joined in the combination to give away Two Handsome Pianos and One Diamond Ring to residents of Alachua county in three different sections. These progressive firms will give One Vote for each penny spent with them.

In the event of a tie for any prize offered, a prize similar in all respects thereto will be given each of those tying.

THE A. R. HARPER PIANO CO. of Jacksonville, from whom the pianos for this contest were purchased, have agreed to offer extra prizes as follows: To the first five candidates in each district, excepting the winners of the capital prizes in the said districts, one certificate each for \$100.00 which will be redeemable in cash as a payment on any piano handled by them—the Everett, Harvard, Dayton or John Church Pianos. In addition to this they will give a certificate good for \$25 to all other contestants in the race, and will make special arrangements with anyone to take care of their paper on all purchases of instruments at the cash price.

The Gainesville Section Will embrace the city and suburbs and be confined to a radius of four miles in each direction. The winner in this district will be awarded a HANDSOME DIAMOND RING.

Eastern and Southern Section Will comprise territory from Fairbanks all points east and from Rochelle all points south—Waldo, Hawthorn, Island Grove, Campville, Micanopy, Lake View, Tacoma and all points along line of T. & J. Ry. ONE PIANO.

Western and Northern Section Will comprise all stations from Hague to High Springs, Trenton, Wannee, Wilcox, Bell, Newberry, Jonesville, Archer and all settlements covered by this area. ONE PIANO.

How and Where to Get Votes

The following merchants will give one vote for every cent paid into their establishments for goods which they handle:

The Sun, Printing and Publishing.
The Brown House, Meals and Lodging.
N. Francisco, Banana House, Fruits, Etc.
Eddins Mfg. Co., Lumber and Building Material.
Standard Fertilizer Co., Fertilizers.

Where Votes May Be Cast

Ballot boxes will be found in the establishments of the merchants giving votes and at The Sun office. Votes sent by mail must be directed to the Voting Contest Department of The Sun, Gainesville, Florida.

Rules and Regulations

1. The contest is open to anyone living in Alachua county who is known by the conductors of the contest or vouched for by some reputable person, to them well known.

2. No employee, attaché or relative of the proprietors of the above-named firms are eligible to participate in this contest, and will participate in no manner.

3. In the event of a misunderstanding between candidates or others interested in this contest, such controversy may be referred to the conductors of contest, who alone are the persons qualified to render decisions.

4. In the event a candidate decides to withdraw from the race, such candidate will not be allowed to transfer votes to the credit of another candidate in the contest.

CHITTY—TAYLOR.

Pretty Home Wedding Solemnized at 3 O'clock Tuesday Afternoon.

There was a pretty home wedding solemnized at the home of the bride's parents, Mr. and Mrs. A. W. Taylor, East Mechanic street, Tuesday afternoon, when Mr. Henry M. Chitty was happily married to their eldest daughter, Miss Marguerite Belle, only the immediate family of the contracting parties being present.

The house had been beautifully decorated by loving friends, and the ceremony was performed by Rev. E. W. Way of Fernandina, who was for a number of years the beloved pastor of the bride, and an intimate friend of the family.

No attendants were present for the ceremony, and the groom wore the conventional black, while the bride was attired in a beautiful champagne traveling dress, with hat to match.

The groom is one of the most prominent young business men of the city, and is the senior member of the firm of H. M. Chitty & Co. Having been a resident of Gainesville for the past number of years and being formerly engaged in business in other sections he has a host of friends throughout the State who wish him much happiness in his wedded life.

Miss Taylor has made Gainesville her home for a number of years, coming here from Virginia, and by her loving and gentle disposition has acquired a host of friends. For many years she has held responsible positions in this city and Jacksonville, and filled them with satisfaction to her employers and business associates.

The happy pair left immediately after the wedding direct for Washington City, but will visit other points of interest before their return to Gainesville. The Sun, along with other friends, extends to them best wishes.

Oak Halls Won Yesterday.

The Oak Halls defeated the Yanigans, a picked team from the city, yesterday afternoon at the ball park by a score of 10 to 5. The contest was an exciting one, however, and afforded much amusement for the people.

A. B. Scruggs, route clerk of the Southern Express Company, of Jacksonville, is in the city.

Mrs. A. B. Oliver has returned from Indian Springs, Ga., where she spent a few weeks most beneficially.

A. B. Chitty of Jacksonville, who is engaged in the wholesale grocery business there, was a visitor to Gainesville yesterday. He was en route to Micanopy for a short visit with his parents.

Albert Roux of Virginia is the guest of his sister, Mrs. Robt. E. Davis. He is a brother of Louis T. Roux of this city and resided here during his youth, and his Gainesville friends are glad to see him again.

For indigestion and all stomach trouble take Foley's Orino Laxative, as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. J. W. McCollum & Co.

Mrs. E. C. Jones and daughter, Miss Mamie Perry, will leave today for Virginia and other places of interest. Mrs. Jones will return within a few weeks, while Miss Perry will remain in Virginia until the winter months.

James Blake and Doc R. Kline left last night for Ocala. They go as representatives of the Eagles of Gainesville to the called State meeting for the purpose of organizing the State Aerie. If the move is successful they will try and have Gainesville selected as the next meeting point.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all druggists.

My new line of fall and winter samples direct from the Washington Tailoring Company of Chicago have arrived and I am ready to show them for the purpose of taking your measure. Twenty-seven years' experience enables me to guarantee you a perfect fit in every manner; if not, no money. Come and see me before placing your orders. J. Manasse.
